

# L81WK

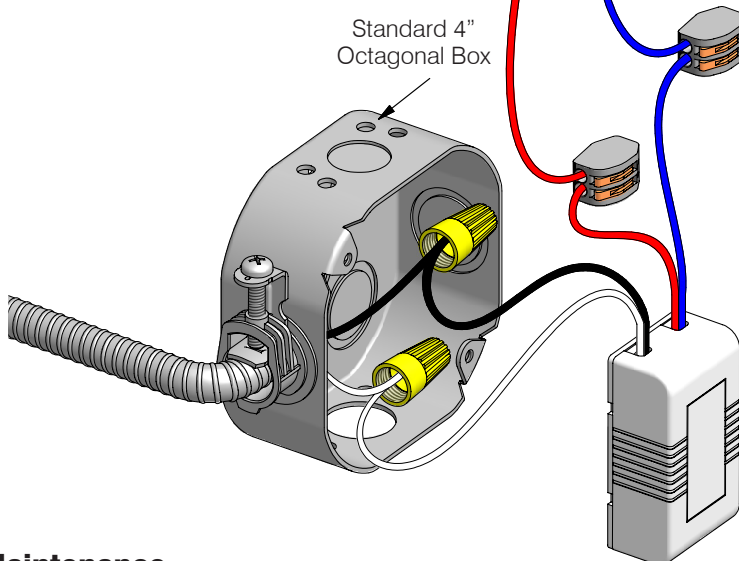

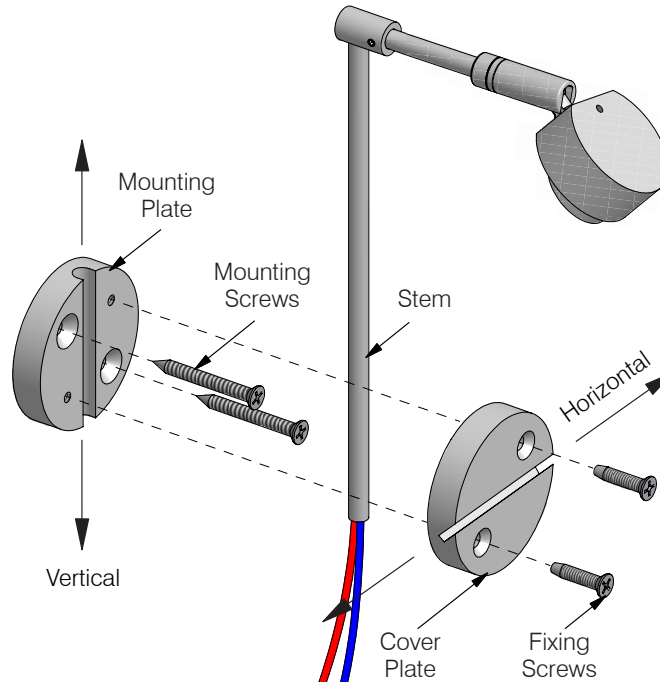

## Installation Instructions

**1** Fasten mounting plate to wall with mounting screws. Ensure slot for stem is vertical.

**2** Insert fixture stem into mounting plate. Secure in place by screwing front plate onto mounting plate.

**3** Connect fixture leads to driver. Connect driver input wires to connectors then fit into electrical box.

For remote driver  
Connect fixture wires to low voltage wiring (remote LED driver 350mA constant current).

### **CAUTION**

- Read all instructions.
- **WARNING: RISK OF FIRE OR ELECTRICAL SHOCK:** Do not make or alter any openings in the compartment of wiring or electrical components during installation. Do not alter or add ballasts, or any other electrical components.
- Installation and use of this fixture mounting assembly requires a person familiar with the construction and operation of luminaire electrical systems and the hazards involved, if not qualified, do not attempt installation.
- Turn off power before installation.
- 350mA constant current driver only.
- Do not spray water on fixture during cleaning. Avoid using detergents with hand softeners, anti-bacterial agents, glass cleaners or acrylic cleaning products.
- **KEEP THESE INSTALLATION INSTRUCTIONS.**

### Parts

| Parts             | Qty. |
