

# L130

## Installation Instructions

- 1** Connect fixture wires to low voltage wiring (remote LED driver 9W 700mA constant current).
- 2** Align LED housing to electrical box.
- 3** Tighten mounting screws to secure LED housing.
- 4** Attach cover to LED housing by tightening all three screws.

### **CAUTION**

- Read all instructions.
- **WARNING: RISK OF FIRE OR ELECTRICAL SHOCK:** Do not make or alter any openings in the compartment of wiring or electrical components during installation. Do not alter or add ballasts, or any other electrical components.
- Installation and use of this fixture mounting assembly requires a person familiar with the construction and operation of luminaire electrical systems and the hazards involved, if not qualified, do not attempt installation.
- Turn off power before installation.
- Connect to 9W 700mA constant current LED driver only.
- Do not over tighten screws.
- Do not spray water on fixture during cleaning. Avoid using detergents with hand softeners, anti-bacterial agents, glass cleaners or acrylic cleaning products.
- **KEEP THESE INSTALLATION INSTRUCTIONS.**
