L182 - Installation Sheet
Modular Wine Rack (Wall Mount)

Cross Bar Options:

Single neck view 1A
Double neck view 2A
Single front view 1B
Double front view 2B
L182 - Installation Sheet
Modular Wine Rack (Wall Mount)

Parts
Rail
LED arm modules
Wine bottle cross bars
Rail cover
Setscrew cover

1) Drill holes and mount rail to plywood wall or support structure. Recommended spacing every 2’ for fasteners (supplied by others).

Mount arm modules by starting from the bottom working up.

2) Insert wire leads.

3) Mount arm modules to rail by loosening hex head screw on arm without unscrewing all the way. Once loosened, the anchor head will move outward. Insert arm into slot in the rail and turn arm module 90°.

4) Trim rail cover to appropriate size and fit into place.

5) Install cross bars for holding wine bottle. Refer to following pages for different cross bar options.

6) Connect fixture wires to low voltage wiring (remote LED driver).

Modular Wine Rack (Wall Mount)

4) Position to correct height and lock setscrew with Allen key so arm is secure and holds position.

5) Cover screw by inserting setscrew cover.

6) Trim rail cover to appropriate size to cover rail between bars.

   With rail cover facing down, cut with a utility knife using a ruler or straight edge to guide knife.

   Push cover into slot in rail until the cover is flush against rail.

7) Install bars for holding wine bottle.

   *Mounting instructions for cross bar options on the following page.

8) Connect fixture wires to low voltage wiring (remote power supply).
L182 - Installation Sheet
Modular Wine Rack - Cross Bars

Mount bottle holder cross bars:

A) Place first cross bar on the top of LED arm module and attach to the frontmost holes with provided screws.

B) To mount the second cross bar choose any of the last 5 holes depending on size of wine bottle.

Mount double front view cross bars
Designed to mount in only one position.

To mount double front view cross bars:

A) 1st cross bar mounts to the first hole from the front of the arm.

B) 2nd cross bar mounts to the second hole from the front of the arm.

C) The third hole is left empty

D) 3rd cross bar mounts to the fourth hole from the front of the arm.

E) The fifth hole is left empty.

F) 4th cross bar mounts to the last (sixth) hole from the end of the arm.

Cross Bar Options:

Single neck view
1A

Double neck view
2A

Single front view
1B

Double front view
2B
1) Position mounting bracket on to the ground and secure it with screws (not supplied). Repeat step for the mounting bracket on the ceiling.

**Note:** To ensure proper support, it is recommended to mount to a plywood wall or support structure. A plastic or lead anchor is recommended when mounting to concrete.

**Note:** #8 screws are recommended on the mounting bracket. Screws will not be supplied.

2) Once mounting brackets (floor and ceiling) are secured, slide the rail into the mounting brackets. Insert the wire leads into the hole.

3) Use allen key on set screw and insert it into the locking piece.

4) Insert the locking piece into the slot of the rail.

Apply same step for the mounting bracket on the ceiling.
L182 - Installation Sheet

Modular Wine Rack (Free standing mount)

5a) Hold onto the allen key and rotate the locking piece 90°

5b) Slide the locking piece down with the allen key and rotate until set screw is secure.

6) Once locking piece is secured onto the mounting bracket, remove the allen key.

7) Mount arm modules to rail by loosening hex head screw on arm without unscrewing all the way. Once loosened, the anchor head will move outward.
