

L53-L52

Installation Instructions

- 1** Drill a $\text{\O}1\text{-}1/2"$ (38mm) hole.
- 2** Connect fixture wires to low voltage wiring (remote LED driver 350mA or 700mA constant current).
- 3** To mount with spring, push L53 fixture with friction fit spring clip into $\text{\O}1\text{-}1/2"$ (38mm) hole until the cover is flat with the surface.

CAUTION

- Read all instructions.
- **WARNING: RISK OF FIRE OR ELECTRICAL SHOCK:** Do not make or alter any openings in the compartment of wiring or electrical components during installation. Do not alter or add ballasts, or any other electrical components.
- Installation and use of this fixture mounting assembly requires a person familiar with the construction and operation of luminaire electrical systems and the hazards involved, if not qualified, do not attempt installation.
- Turn off power before installation.
- Constant current driver only 350mA or 700mA.
- Do not spray water on fixture during cleaning. Avoid using detergents with hand softeners, anti-bacterial agents, glass cleaners or acrylic cleaning products.
- **KEEP THESE INSTALLATION INSTRUCTIONS.**
