

Remote 120V Magnetic Transformer

TLW120MT050-01

SPEC SHEET

Features:

- Hard wired remote transformer.
- Includes primary and secondary self-reset circuit breakers.
- Indoor compliant.

AC Input Voltage:	120VAC, 60Hz
AC Output Voltage:	12V
Output Wattage:	50W Max
Short Circuit Protection:	Yes
Overload Protection:	Yes
Ambient Temperature:	40°C Max (104°F Max)
Case Temperature:	70°C Max (158°F Max)*
Case Material:	Steel
Weight:	0.91kg (2 lbs)
Approval:	Dry & Damp (For outdoor, should be wall mounted) ETL Listed (Class 2).

*Enclosure temperature does not exceed 70°C in a 40°C ambient, fully loaded.

Note: Consult factory for wiring length and details.
